

## PRESS RELEASE

BKM Mannesmann Uk Ltd is pleased to announce their Northern UK Distributor and installation team, BKM Damp Treatment-North. Managing Director, Mr Lukasz Maszkowski also owns Polarblast dry Ice Cleaning based in Southport, operating throughout the north of England.

Lukasz says “I have looked at all the different types of damp and wall treatments on offer around the UK and am amazed at how good the BKM Mannesmann product works. The fact we have been trained by specialists in Germany on how to assess, treat walls and cellars against damp, rain, sea and flood water compliments my ice blasting business” says Mr Maszkowski.

John Malins, Country Manager for BKM Mannesmann Uk Ltd, based in Leicestershire says “the synergies are perfect and as we have a revolutionary new damp treatment process along with an external wall application, means Lukasz, with his highly qualified team are capable of handling any sized project”
